Ashville Vision Statement

"Remembering our rural heritage, Ashville will be a vibrant & friendly community, offering an enhanced quality of life achieved through planning, progress & collaboration.

It will be a welcoming place where people want to live and businesses prosper."

"The Mayor's Column" What is going on at St.Rt. 752 and Viking Way?

The traffic light at the intersection of State Route 752 and Viking Way is no longer functioning. The controller that operates the lighting sequence went out and a replacement could not be found. The Village of Ashville did not have a spare traffic signal. The other fact is that one corner, which is the Teays Valley corner is in the village. The other three corners are not. Therefore we were faced with the dilemma on how to spend village funds outside the village. At that time we initiated communication with stakeholders:

- ♦ Ohio Department of Transportation (ODOT)
- ♦ Teays Valley School District
- ♦ Pickaway County Engineering Department.
- ♦ Harrison Township Fire Department
- ♦ Harrison Township Trustees
- ♦ Ashville Police Department

A meeting was held at Teays Valley on December 31st. Present were David Carlin (ODOT), Franklin Christman (Ashville), Chief Eric Edgington (Harrison Township Fire), Jeff George

(Ashville Police Department, Chris Mullins (Pickaway County), Jeff Sheets (Teays Valley High School), Kraig Shrewsbury (ODOT), and Greg Sturgill (Ashville Service).

Mr. Sturgill presented information concerning the status of traffic signal. All parties presented information that they had on the history of how the light was placed at this location. Since this signal is on a State Route it needs to comply with ODOT requirements.

Mr. Carlin presented the steps that would need to be taken:

- ♦ ODOT will replace the current temporary four way stop signs with in ground signs and advance notification of a four way intersection
- ♦ ODOT advised Ashville to remove the current bagged traffic signal
- ♦ ODOT will complete a traffic study to determine if a traffic signal can be "Warranted", process will take six months
- ♦ Funding sources would need to be found if signal is "Warranted". The process will take from 12 to 18 months

Teays Valley, Ashville Police, Harrison Township Fire, Village of Ashville express a desire to have the traffic signal remain. Mr. Carlin indicated that is to be determined by the traffic study. Mr. Mullins emphasized engineering prerogative in their ability to have some discretion in that determination and to take note that all stakeholders wanted the traffic signal to be the result.

Southern Traffic Services currently holds a traffic data collection contract with the ODOT. ODOT requested they perform "Turning Movement" at the location of Viking Way & SR752. Technician setup of traffic data collectors for the study occurred the week of January 20th.

Contact information:

- ♦ Southern Traffic Services, Inc. 850/934-5732
- ♦ ODOT District 6 800/372-7714
- ♦ Ashville 740/983-6367

We will create an informational page for this project and you can access this page at www.ashvilleohio.gov

Thank You Mayor Wise

ODOT "Traffic Signal Policy—A traffic signal can improve safety and reduce delay for users of the intersection, or a traffic signal can increase the number of crashes and cause excessive delay. For a traffic signal to have a positive effect, it must be properly located and maintained. Traffic Signal Warrants exist to provide minimum qualifications for installing a traffic signal. Adhering to these minimum qualifications prevents many traffic signals from being installed where they would have a negative impact."

Village Council

Todd Henson, Tracie Sorvillo, and Glenn Cook were sworn in Monday, January 13th as elected council members by Mayor Charles Wise.

Jim Mathers could not be present and was sworn in earlier in the day by Mayor Wise.

The council meeting began as soon as the ceremony was completed.

Winter and Roads

Now that winter is upon us it is a good time to communicate our process for plowing streets and applying salt. Go to www.ashvilleohio.gov. Nixle is a great way to keep updated county wide for snow conditions, alerts or emergencies. For more information about connecting to Nixle go to <https://nixle.com/pickaway-county-sheriffs-office/>

Winter and Roads

Potholes can be troublesome when weather conditions have been extreme. This is an extreme year. When you see a pothole call 740/983—6367 to report or you can email www.ashvilleohio@ashvilleohio.gov

Why Get the Flu Shot?

Protect yourself & those around you!

December 2013 Auxiliary Report

The hours provided in December has a value of \$37,000. Sergeant Rathburn continued the duties of Mayor's Court Bailiff which allows a full time officer to remain on patrol. Two officers were on military deployment part of the year. All members of the Unit look forward to serving the village in 2014. Time flies – we will begin preparing for the 2014 Viking and July 4th Festival soon.

Submitted by Larry Rathburn Unit S4

- 12-1-13: An assault was reported on W. Main St.
